STATUTES

Preamble

Recognizing that:

- conservation of nature and natural resources involves the preservation and management of the living world, the natural environment of humanity, and the earth's renewable natural resources on which rests the foundation of human civilization;
- natural beauty is one of the sources of inspiration of spiritual life and a necessary framework for the needs of recreation, made ever more essential by humanity's increasingly mechanized existence;
- civilization has achieved its present high standard by finding ever more effective means for developing and utilizing these resources, and that consequently soils, water, forests and vegetation, wildlife, wilderness areas maintained intact, and characteristic landscapes are of vital importance for economic, social, educational and cultural purposes;
- the increasing impoverishment of natural resources will inevitably result in a lowering of human standards of living but that this trend need not be irreversible provided that people fully come to recognize their close dependence upon these resources and to the recognition of the need to preserve and manage them in a way that is conducive to the peace, progress and prosperity of humanity;

Convinced that since protection and conservation of nature and natural resources are of vital importance to all nations, a responsible international organization primarily concerned with the furthering of these aims will be of value to various governments, the United Nations and its Specialized Agencies and other interested organizations;

Recalling that, for these reasons, the governments, public services, organizations, institutions and associations concerned with these matters, meeting at Fontainebleau, on 5 October 1948, established a Union now known as the International Union for Conservation of Nature and Natural Resources (hereinafter referred to as "IUCN") and governed by Statutes adopted first at the time of its foundation;

The Members of IUCN, meeting in Montreal from 13 to 23 October 1996, renewed their commitment to these ends and adopted these revised Statutes for the governance of IUCN.

Part I - Legal Status

1. IUCN, International Union for Conservation of Nature and Natural Resources (also known as International Union for Conservation of Nature) is constituted in accordance with Article 60 of the Swiss Civil Code as an international association of governmental and non-governmental members. Order and Discipline

24. The President, or one of the Vice-Presidents or a member of the Council, shall take the Chair at sittings of the World Congress.
25. The duties of the Chair shall be:
 - (a) to open, suspend and close sittings of the World Congress;
 - (b) to announce, at the end of each sitting, the date, time and agenda items for the next sitting;
 - (c) to guide the debates of the World Congress;
 - (d) to maintain order, call on speakers, limit interventions, close debates, put questions to the vote and announce the results of votes; and
 - (e) unless other arrangements have been made, to submit the proposals of the Council to the World Congress.
26. The Chair shall call to order any participant who causes a disturbance during the proceedings or otherwise contravenes these Rules of Procedure.
27. In the event of persistent disturbance or contravention of the Rules of Procedure, the Chair may propose that the offender be excluded for the remainder of the sitting. The World Congress shall decide on this proposal forthwith and without debate.

Participation in Sitzings

28. Participation in the Members' Assembly shall be restricted to delegates, to observers and others who may be invited for specific purposes, and to members of the Council, members of the Commissions, the Director General and the Secretariat Staff.
29. 30. Participation in selected sittings of the World Conservation Forum and in any workshop or technical meeting held in conjunction with the World Congress may be open to the public on such terms as specified by the Council, including registration fees.

Right to Speak

31. The Chair shall recognize all participants who request the floor, and shall as far as possible call on them in that order, allowing diverse view points to be heard.
32. Participants may speak only if called upon by the Chair.
33. The Director General may at any time with the permission of the Chair, make oral or written statements to the World Congress on any question brought up for discussion.
34. Where a motion is debated, the Chair shall, where appropriate, alternately call speakers for and against the motion.
35. The Chair may prescribe a time-limit for speakers and limit interventions accordingly.
36. A speaker shall not be interrupted except on a point of order. The speaker may, however, with the permission of the Chair, give way during a speech to allow any other delegate or observer to request elucidation on a particular point in that speech.
37. If a speaker is irrelevant, the Chair may call the speaker to order. In the event of persistent irrelevance, the Chair may forbid the speaker to speak for

the remainder of the debate. The speaker concerned may appeal in writing to the Steering Committee against exclusion from the debate. Participants who consider that they have been denied the right to speak because they have not gained recognition may also appeal. The Steering Committee shall report on the appeal to the World Congress at the beginning of its next sitting and the World Congress shall vote on the matter unless the Chair annuls the Chair's earlier decision.

38. A participant who wishes to make a personal statement or explanation or exercise a right of reply shall be heard at the Chair's discretion.
39. No speaker may speak for more than five minutes on any of the following:
 - (a) an explanation of votes;
 - (b) any question of procedure; or
 - (c) a personal statement or explanation.
40. The Director General shall issue one recognition card for the right to speak to each delegation, each affiliate, each member of the Council, each Commission Deputy Chair and to any other observers as the Council shall decide.

Procedural Motions

41. A participant shall have prior right to speak in order to:
 - (a) call the attention of the Chair to a point of order or an abuse of the Rules of Procedure;
 - (b) move the adjournment of the debate (which motion may be moved not more than once in the course of a debate);
 - (c) move the closure of a debate at the end of an intervention; and
 - (d) move that the sitting be closed.
42. The above matters shall take precedence over the main question, debate on which shall be suspended whilst they are considered.
43. In debate on motions for adjournment, for closure of a debate, and that the sitting be closed, only the following may be heard: the proposer, one speaker

against and the Chair or Rapporteur of the committee or committees concerned. The Members shall then take a decision.

44. An appeal by a voting delegate against a ruling by the Chair shall be made to the Steering Committee. The Chair shall announce the decision of the Steering Committee to the World Congress which may confirm or change that decision.

Part VII - Agenda and Motions

Agenda

45. The Director General, in consultation with the Council, shall prepare a draft agenda conforming with the tentative agenda previously circulated according to the Statutes, for each session of the World Congress showing, so far as circumstances permit, at which sittings particular matters will be debated. The draft agenda and documents originating with the Council or the Secretariat and relating to matters requiring the approval of the World Congress shall be circulated to the Members of IUCN not later than one hundred and fifty days before the start of the World Congress. The draft agenda shall be submitted for adoption at the first sitting of the World Congress.
46. Any appeals against Council decisions shall be placed on the agenda.
47. Once adopted, proposals to add to or otherwise to alter the agenda may only be submitted to the World Congress by the Steering Committee.

Motions

48. For the purpose of these Rules of Procedure, a motion means a draft in writing of any decision which the World Congress is requested to take. Such motion may take the form of a resolution, recommendation, expression of opinion or proposal. Resolutions are directed to IUCN itself. Recommendations are directed to third parties, and may deal with any matter of importance to the objectives of IUCN.
49. Motions may be proposed by the Council, or by any Member eligible to vote with the co-sponsorship of at least five other such Members. Motions shall normally be submitted to the Director General no later than one hundred and twenty days before the opening of the next session of the World Congress. The Secretariat shall circulate all accepted motions which are

received by it, to all Members, at least sixty days in advance of that session of the World Congress.

- 49*bis*. Members proposing a motion concerning an issue arising in a State or States outside of their own Region shall make best efforts to secure factual information substantiating their proposal, and present such evidence upon request (a) at the time the proposal is submitted to the Director General and (b) at the World Congress.
50. An explanatory memorandum of a maximum of five hundred words, in any of the official languages, may be appended to the text of a motion, and circulated as submitted, but shall not form part of the motion or be put to the vote.
51. Discussion of the draft Programme or proposed mandate of a Commission shall take into consideration any motion or part of a motion affecting these documents, and all such motions shall be dealt with as proposed amendments to the Programme or mandate. All such motions shall be remitted by the Resolutions Working Group or the Resolutions Committee to the session of the World Congress that considers the Programme and mandates of the Commissions. The sponsors of these motions shall be advised of this action.
52. Motions may only be submitted at the World Congress either by the Council, or by a Member eligible to vote with the co-sponsorship of at least ten other Members eligible to vote, and if the subject of the motions is new, urgent, could not have been foreseen, arises out of deliberations of the World Congress or responds to matters on the agenda. The text of such motions shall be distributed to delegates by the Secretariat only if the Resolutions Committee has accepted them as meeting a minimum of any three of the following criteria:
- (a) “New” means that the issue which is the subject of the resolution or recommendation has arisen within ninety days before the start of the session of the World Congress;
 - (b) “Urgent” means a matter in respect of which developments are about to take place soon after the World Congress and upon which a resolution or recommendation of the World Congress may reasonably be expected to have an impact;
 - (c) “Could not have been foreseen” means a matter which, while not itself new, has been the subject of developments within ninety days

before the start of the session of the World Congress which call for action by the World Congress;

- (d) “Arises out of the deliberations of the World Congress” means a matter which has been discussed at any officially scheduled meeting during the World Congress, including business and conservation sittings, technical meetings, Commission meetings, meetings of working groups or associated meetings;
 - (e) “Responds to matters on the agenda” means any matter scheduled for discussion at any of the meetings referred to in the immediately preceding paragraph, but which has not yet been discussed by that meeting at the time when the resolution or recommendation was submitted.
53. Motions meeting a minimum of any three of the above criteria shall be submitted by deadlines set by the Steering Committee. Motions received after such deadlines shall only be admitted with the consent of the President.
 54. Motions shall only be accepted if they are consistent with the objectives of IUCN. Motions may repeat the decisions of a prior session of the World Congress only if the underlying issue has not been resolved and there remains a need for further action.
 55. The Steering Committee shall decide any appeal from a proposer and co-sponsors against the exclusion or amendment of a draft motion by the Resolutions Working Group or Resolutions Committee. The Chair shall announce the decision of the Steering Committee and the World Congress may confirm or change that decision.
 56. The Resolutions Committee may refer a motion to a committee or *ad hoc* contact group of delegates, for its review and advice or decide that it be debated and voted upon directly by the World Congress. The Chair may also propose that a motion under discussion in the World Congress be referred to a contact group. The reports of such contact groups shall ordinarily be considered by the Resolutions Committee prior to their presentation to the World Congress. The debate in the World Congress shall take place on the text resulting from this process.
 57. When the consideration of a text of a motion has been concluded, a vote shall take place on the text as a whole. Before that vote takes place, explanations of the text may be given, if the World Congress so decides.

Amendments to Motions

58. Any delegate may propose amendments to any motion.
59. Amendments shall relate directly to the text which it is sought to alter. They shall be signed by their author and, unless proposed in the course of a debate, submitted in time for them to be distributed before they are debated. Ordinarily, all amendments shall be transmitted to the Resolutions Committee. The Resolutions Committee, or in special circumstances when an amendment is proposed in the course of a debate, the Chair, shall decide whether an amendment is in order.
60. Amendments shall have priority in debate over the original text to which they relate and shall be put to the vote before that text.
61. If two or more amendments relate to the same part of a motion, the amendment which differs most from the text which it is sought to amend shall be put to the vote first. If it is agreed to, other contradictory amendments to the same part shall be considered as having thereby been negated. If the amendment is not agreed to, the amendment next in priority shall be put to the vote, and the same procedure shall be followed for each of the remaining amendments. In case of doubt as to the degree of priority, the Chair shall give a ruling.
62. The Resolutions Committee or, in special circumstances when an amendment is proposed in the course of a debate, the Chair, may propose that amendments should be debated or voted upon together. They may propose that the text together with the proposed amendments be referred to a contact group.

Part VIII - Methods of Voting

Voting Cards and Electronic Voting Cards

63. Voting cards marked to distinguish the session of the World Congress concerned and, if required under Rule 67, electronic voting cards shall be distributed to delegates by the Secretariat in accordance with the report of the Credentials Committee.
64. The voting cards given to delegates of Category A Members shall be white; those to Category B Members shall be green. In the case of electronic voting, the electronic voting card shall be programmed so as to ensure that

the votes of Category A Members and the votes of Category B Members shall be recorded separately.

65. White or green voting cards will each equal one vote and shall be distributed according to the number of votes to which the Member is entitled by the Statutes. In the case of electronic voting, the electronic voting card shall be programmed with the number of votes to which the Member is entitled by the Statutes.

Methods of Voting on Motions

66. Only an accredited representative of a delegation may vote and speak on behalf of that Member. No delegate may use the voting card, electronic voting card or speaking rights of another delegation without the express prior written permission of the delegation in question.
67. Voting shall normally be carried out by delegates holding up the voting cards or, in the alternative, by inserting electronic voting cards into machines as provided for specifically in Regulation 40*bis* (informal vote). The result of the vote shall be announced by the Chair.
68. If the Chair thinks it necessary or if any delegate so requests, a vote that was carried out by delegates holding up the voting cards shall be repeated, the voting cards for each Category being counted separately by at least two tellers (formal vote). In the case of electronic voting under Rule 67, the vote shall simply be repeated.
69. On a request by delegates from at least ten Members eligible to vote, the vote shall be taken by roll call. The roll shall be called in each Category separately for each delegation in the order of the printed membership list beginning with a country chosen at random. Voting shall be expressed by “yes”, “no”, or “abstain”. Abstentions shall not be counted as votes cast.
70. A secret ballot may be held at the request of delegates from ten Members eligible to vote. In this case, when voting is carried out by delegates holding up voting cards, ballot papers bearing only the letters “A” or “B”, shall be distributed by the Secretariat on presentation of the voting cards on the basis of one paper per card. The ballot paper shall provide for a “yes”, “no” or “abstain” vote. Ballot papers may be used only for one ballot. If a further ballot is taken, the ballot papers must be marked with an identifying number corresponding to the ballot for which they are valid. In the case of electronic voting, the Election Officer shall confirm that the system is programmed so as to guarantee the anonymity of all votes.

71. The Chair shall be responsible for appointing tellers, counting the votes and announcing the results.
- 71*bis*. Except for (a) secret ballot votes under Rule 70 and (b) votes for elections at the World Congress under Rules 74-81 and Regulation 40*bis*, the complete voting record of each IUCN Member at the Members' Assembly shall be made available, within 24 hours or as soon as the voting system permits after each sitting, to all Members. ¹⁸
72. The Director General shall keep a register of the written statements of any Member explaining its vote and shall reflect these statements in the volume of the Proceedings, or that of the Resolutions and Recommendations of the World Congress.
73. The Chair may exercise a vote, if a voting delegate. In the event of a tie, the Chair shall not have a further vote and the motion shall be considered to have failed.

Part IX - Elections

Election Officer

74. The Election Officer appointed by the Council under the Statutes shall be responsible for supervising the elections at the World Congress and the counting of the votes.

Nominations and Method of Voting in Elections

75. Nominations by a Member in Category A or B made before the World Congress shall be communicated by the Council to the Members.
76. Prior to the election, the Secretariat shall arrange for Members to meet candidates and receive information on them.
77. Once placed on the list of candidates before the World Congress, a name may only be withdrawn by the candidate in writing.

abstained. The Election Officer shall monitor the accuracy of the electronic election system.

78. The elections of the President, the Treasurer and each of the Chairs of the Commissions shall be conducted separately and as follows:
- (a) the President and the Treasurer may be elected by acclamation;
 - (b) where a vote is required and there is only one candidate for a post, if that candidate does not receive a simple majority of votes cast by each Category of Member eligible to vote, the post shall be filled by the World Congress or, failing a decision by the closure of the session, by the new Council; and
 - (c) where there is more than one candidate for any of these posts a vote shall be taken in accordance with Rule 81.
79. Should a sole candidate for the post of the President, Treasurer or Chair of Commission withdraw or become ineligible, the Council shall meet in extraordinary session and, having considered the views of the Members of IUCN, shall propose a new candidate to the World Congress.
- 79*bis*. Where three or more candidates from the same State, each nominated for a different Commission Chair post, receive the highest number of votes or the highest ranking for the respective posts for which they were nominated, only the two candidates who receive the highest percentage of the votes in the voting for their respective Commission Chair posts shall be elected. With regard to each of the remaining candidates who received the highest number of votes or the highest ranking for the posts for which they were nominated, the vote on each such candidate *ipso facto* shall be vacated by the election of the two candidates who received the highest percentage of votes, and the vacant post of Commission Chair for such candidate's Commission shall be filled as follows:
- (a) If there was a runner-up candidate from a different State who received at least eighty percent (80%) of the votes received by the candidate for whom the vote was vacated, then such runner-up shall be elected to the vacant post of Commission Chair.
 - (b) If there was no runner-up from a different State who received at least eighty percent (80%) of the votes received by the candidate for whom the vote had been vacated, then the post of Commission Chair for that Commission shall be filled by the new Council.

80. Where the number of candidates for Regional Councillors is the same or less than the number of vacancies in the Region for which they are nominated, each candidate shall be voted on individually. Should a candidate not receive a simple majority of votes cast by each Category of Member eligible to vote, the position of the Regional Councillor shall be filled by the new Council.
81. Where there is more than one candidate for the post of the President, Treasurer, Regional Councillor or Commission Chair:
- (a) the ballot paper or the electronic election system shall list candidates in alphabetical order from a point in the alphabet chosen at random;

 - (c) where three or more persons are to be elected from among four or more candidates to serve as Regional Councillors for a Region, the vote shall be cast by placing an 'X' against the names of preferred candidates up to the maximum number of the candidates to be elected for that Region.  - (d) abstentions shall be indicated by being marked zero against the name of the candidate;
 - (e) ballot papers or electronic votes not completed in accordance with sub-paragraphs (b) or (c) shall not be counted;
 - (f) the number of votes cast for each candidate shall be totalled and the candidates ranked in order of the votes cast, this being done separately for Category A and Category B votes. The rankings so obtained for Category A shall then be added to those of Category B to produce a combined ranking;
 - (g) in the event that the combined ranking is the same for two or more candidates the rankings shall be recalculated as follows: the Category A votes for each candidate required to fill the posts involved shall be multiplied by a constant factor being the number of Category B votes cast divided by the number of Category A votes cast for all candidates in that balloting; these adjusted Category A vote totals shall then be

added to the Category B vote totals and the candidates ranked in order of the combined vote so obtained;

- (h) the highest ranked candidate or candidates shall be elected; and
- (i) the results of the elections, including the voting figures, shall be made available at the World Congress.
